WILL PUT OUT NO TICKET.

The Farmers' and Laborers' Union of Vernon County Non-Political.

Nevada Mail.

J. N. Staten, of Connelly Springs, county organizer of the farmers and laborers unions, was met at the depot on his return home from the county union meeting at Milo. Speaking of the meeting he said:

"We had a splendid meeting. There were 52 subordinate unions represented by 103 delegates.

Our total membership in this county? The best estimate that I can make is that we have fully 2,000 members and are growing very rapidly.

Will we cut any figure in politics? Well, we are liable to cut a considerable figure.

No, not as an organized party. Our constitution prohibits partisan politics. Every member is free to vote as he pleases.

Do I think there will be a third ticket in the field? Probably, but the farmers and laborers union as an organization will be no more responsible for its existence than the asylum officials.

How will we cut a figure? Oh, we may conclude to go to the democratic convention, for example, as that is where officers are usually chosen in Vernon. See?

Yes, we want our democratic centric central committee to be liberal. Let the converts come up to the mourner's bench and they will probably ask for the right hand of fellowship by and by. Don't put the penitent on two years' probation. There are lots of men who are ready to withdraw from the prohibitive tariff duty policies, and they will come to us if our contract committee will be liberal.

"Every Spring."

Says one of the best housewives in New England, "We feel the necessity of taking a good medicine to purify the blood, and we all take Hood's Sarsaparilla. It keeps the children free from humors, my husband says it gives him a good appetite, and for myself I am sure I could never do all my work if it was not for this splendid medicine. It makes me feel strong and cheerful, and I am never troubled with headache or that tired feeling, as I used to."

Virginia Items.

Lively times in Virginia as well as Butler last Thursday, Mr. John Nance had his fighting harness on. We had our school election last Tuesday and voted seven months school—winter and summer—and "no" to supervision, every man. Mr. Isaac was elected for director in place Geo. Jenkins whose time had expired.

A. J. Park took a load of corn to Jake Frye's mill to have it ground the corn having some nails in it broke the mill and all Mr. Frye could do the balance of the day was to swear and crack corn.

Corn buyers are looking around after corn.

O. M. Drysdale has his lathing done and Mr. Culver expects to do the plastering next Thursday.

The M. E. church had quite a pleasant time Sunday with their Easter services.

W. T. Cowan is feeding about 175 head of cattle this spring.

Mr. Jackson and Mr. Dewy had a fight last week over a watch and fiddle trade Mr. J. got the better of Mr. D.

Mr. Elmer Garner treated Miss Sarah Oldham to a cart ride Sunday.

From the preparations Miss Brown our teacher, is making she will have a fine exhibition at the close of her school.

We understand the contract has been let at Amoret for the new railroad. Teams are pulling in and the people are making more noise than cars will when they come.

RELLIM.

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure, and is the best of its kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. So that from the time of purchase until Hood's Sarsaparilla is prepared, everything is carefully watched with a view to attaining the best result. Why don't you try it?

The Missouri Press Association.

St. Louis, Mo., April 4.—The executive committee of the Missouri state press association in session at the Laclede hotel yesterday decided that the annual meeting should be held at Hannibal on August 19. Mark Twain will be invited to deliver an address, and it is expected he will do so, as he was born near that city and found many of the incidents in his books in that section. The meeting is to be followed by an excursion to St. Paul, Helena, Yellowstone Park, Salt Lake City and Denver. The cost of this will be about \$60. The committee prepared its full program and a circular to send out asking members to send in notices as to whether they would go on the excursion.

His Shots Told.

Birmingham, Ala., April 6.—A telegram came from Irondale to-night asking for a physician.

All that can be found out is that three negroes were stealing railroad iron to-day when Town Marshal England and Deputy Sheriff Fontenberry came up and called for their surrender. The negroes ran about a mile with the officers in pursuit when one of them turned and shot England. Deputy Fontenberry opened fire on the negroes and when the firing ceased all three were dead. Marshal England will probably die.

The shooting created the wildest excitement in the town on account of the political troubles there and half the town was under arms before the exact nature of the affair was learned. The political excitement, however, had nothing to do with the tragedy.

A Lad's Terrible Death.

Macon, Mo., April 3.—An accident occurred six miles south of Clarence yesterday which resulted in the death of a son, aged 18, of Mr. Gill. Some neighbor boys were at Gill's. They and young Gill, seeing some wild ducks in the field, put a heavy load of shot in an old shotgun and proceeded to where the ducks were.

Young Gill fired at the ducks and the breech pin of the gun was blown into his head, making a horrible wound from which the brains oozed. Gill was unconscious from the time of the accident. He died seven hours afterward.

Home Evidence

No other preparation has won success at home equal to Hood's Sarsaparilla. In Lowell, Mass., where it is made, it is now, as it has been for years, the leading medicine for purifying the blood, and toning and strengthening the system. This "good name at home" is "a tower of strength abroad."

It would require a volume to print all Lowell people have said in favor of Hood's Sarsaparilla. Mr. Albert Estes, living at 28 East Pine Street, Lowell, for 15 years

employed as boss carpenter by J. W. Bennett, president of the Erie Telephone Company, had a large running sore come on his leg, which troubled him a year, when he began to take Hood's Sarsaparilla. The sore soon grew less in size, and in a short time disappeared.

Jos. Dunphy, 214 Central Street, Lowell, had swellings and lumps on his face and neck, which Hood's Sarsaparilla completely cured.

Mrs. C. W. Marriott, wife of the First Assistant Fire Engineer of Lowell, says that for 16 years she was troubled with stomach disorder and sick headache, which nothing relieved. The attacks came on every fortnight, when she was obliged to take her bed, and was unable to endure any noise. She took Hood's Sarsaparilla, and after a time the attacks ceased entirely.

Many more might be given had we room. On the recommendation of people of Lowell, who know us, we ask you to try
